EMERSON PIANO-FORTES.

The Emerson Piano Co.

Are desirous that their instruments shall be subjected to the strictest tests. By care in selecting materials, and by rigorously insisting upon perfect work, they produce instruments that are **ABSOLUTELY UNSURPASSED**. The mechanism of the Piano-Forte is simple and easily understood. There is no secret nor mystery about it, as some shrewd advertisers would have the public believe. The solidity of the frame and case, the well-chosen, well-seasoned and well-wrought wood of the sounding-board, the perfection of the hammers, dampers and strings; the unyielding firmness of the pins, the scientific voicing and tuning—these are the elements necessary to form **Perfect and Satisfactory Tone**.

More than Twenty-two Thousand
Of these Pianos have been made and sold, and the
STANDARD OF EXCELLENCE WAS NEVER
SO HIGH AS NOW.

Superior Upright Pianos to Rent.
EVERY PIANO
Warranted for Seven Years.

To persons of musical taste, willing to trust their own ears, the Company submits its instruments, confident that in sonority, evenness, crisp action, sustaining power and durability, they are not anywhere excelled.

P R E F A C E .

THE usual time for a new edition of the BROOKLINE DIRECTORY has again come, and we present No. 6 of the regular series to our patrons, with the confidence of its welcome reception by them as well as the public generally.

As towns grow in importance and population, the directory increases in value, as a book of reference, until large cities like Boston and New York could not possibly get along without their annual publication. A good directory is a great benefit to a place, not only to the citizens, but to strangers and visitors, who are constantly referring to its pages for one thing or another. We often receive orders from distant parts of the country for our directories, which show that their circulation is not necessarily limited to the localities they represent.

Particular attention is called to the Advertising Department of this directory. Nearly every branch of business is represented, and the citizens of Brookline cannot do better than liberally patronize their own local business establishments.

We renew our thanks to the business men of Brookline who have so generously patronized us this year, and hoping we may merit a continuance of the same in the future,

We remain very respectfully,

GREENOUGH & CO.,

November, 1879.

NOVELTIES

— IN —

POTTERY

THE subscribers are receiving larger importations of **POTTERY** and **GLASS** than in any season hitherto, and having purchased at original sources, dare say that their various classes of ware, from low cost to the more costly specimens, will compare favorably with any collection to be found on sale on this continent.

As Decorated Ware is taking the place of white ware, we have a stock of patterns that can be matched as readily as white ware. Desirable new patterns of Decorated Ware will cost less than white ware, and can be easily matched in the future. Our LAMP DEPARTMENT will interest patrons, showing, as we do, many attractive and desirable ornamental novelties for the Library, Drawing Room, and general use, as safe as gas, a steadier light, and at a great saving.

Hotels and Families requiring goods in our line, or persons wanting presentation pieces, will serve their interests by examining our importations from Europe, China and Japan.

RENT PAID TWO YEARS AND A HALF BUYS AN ORGAN.

THE
Mason & Hamlin
ORGAN COMPANY

Whose Cabinet or Parlor Organs are acknowledged to be UNEQUALLED IN EXCELLENCE, having received the HIGHEST HONORS at EVERY WORLD'S INDUSTRIAL EXHIBITION FOR THIRTEEN YEARS, and being the ONLY AMERICAN ORGANS WHICH HAVE RECEIVED SUCH AT ANY, now offer them not only for cash, but also on the following VERY EASY TERMS OF PAYMENT.

They will rent an organ with the agreement that when the whole amount of money paid equals the value of the organ it shall become the property of the party hiring it, without further payment. The rent per quarter, payable in advance, is one-tenth the value of the organ, so that ten quarterly payments complete its purchase. Or payments may be made monthly, if desired.

This plan presents two very important advantages:

1. An organ can be obtained on very easy terms,—viz., payment of \$5 or upward, according to size, per month; or \$6.75 or upward every three months; until paid for.

2. One can thus have an organ on trial for six months or longer, for a reasonable rent only; and so thoroughly test it and see if he values it before completing the purchase—having all

rent which has been paid applied on the purchase, whenever made.

Only makers of **VERY BEST ORGANS**, which can be depended upon to give satisfaction in all cases, could afford to offer such terms.

Organs are furnished on these terms not only in the immediate vicinity of our ware-rooms, but in any part of the country which is readily accessible.

PRICES OF MASON & HAMLIN ORGANS are but little more than those of the poorest organs made. On above easy terms of payment they are furnished for \$67.50, \$82.50, \$97.50, to \$500 and upward. Reasonable deductions are made from these prices when all cash is paid. **ILLUSTRATED CATALOGUES, PRICE-LISTS and CIRCULARS**, describing **FIFTY-EIGHT DIFFERENT STYLES**, with much useful information about Organs, sent free to any address.
